# LET'S MEET AT THE BEACH

What makes the LBP the perfect place for your event?

## NATURAL ATTRACTIONS & FAMILY EXCURSIONS

From the breathtaking storm waves in Cape Disappointment State Park to the 28-mile silver sand beach, Washington's Long Beach Peninsula is home to stunning scenery and natural splendor. The best part? Much of it is accessible year-round and ideal for families. The Peninsula is nestled between the Pacific Ocean, Willapa Bay, and Columbia River, three spectacular bodies of water that each offer recreational opportunities.

## UNIQUE VENUES

Vintage travel trailers, a chic oceanfront hotel, and the beautifully restored Chinook School are among the unique venues you'll find in this corner of southwest Washington. Weddings, receptions, corporate retreats, family reunions and business meetings are among the many events accommodated by Peninsula venues.

## NORTHWEST COAST CULINARY ADVENTURES

"Dine at the source" is a popular saying in these parts. And for good reason. Each season offers a different culinary treasure – berries and mushrooms in fall, Dungeness crab and razor clams in winter, and so on. This is oyster country. And salmon country. And tuna country. In other words, a different culinary adventure awaits you each time a season changes. Enjoy dishes prepared by acclaimed chefs or forage for your own.

## ACTIVITIES & ATTRACTIONS

Recreational opportunities include hiking trails in numerous state parks and a wildlife refuge, the 8.5-mile paved Discovery Trail that winds through beach dunes, kite flying, horseback riding on the beach and much more. It's a modern take on the classic exploration that helps define the region. Museums detailing area history dot the county, walking tours of Peninsula towns are available at the Visitors Bureau and local fishing charters can help you land the big one. And that's just a start.
